REMARKS: **SUBJECT: Redesignation of Security Branch, Central Planning Staff.**

- Counter Intelligence is primarily a military term.
- In paragraph 2 of the attached Disposition Form it is stated that "the word Counter Intelligence", on the other hand, pertains to all Security Control measures, _____".
- The group responsible for counter intelligence activities in the War Department is designated as the "Security Group".
- The function assigned to the Security Branch is "plan for the coordination of all matters affecting the security of intelligence sources, methods and operations related to the national security."
- It is recommended that the title "Security Branch" not be changed at this time. When the new glossary of intelligence terms is approved it may be desirable to change the names of one or more of the branches of the CPS. The question whether or not the Security Branch title should be changed could well be tabled until that time.
